NEW RECORD FOR LOCAL BUILDING

JANUARY MARK IS ALREADY PAST AND TOTAL SO FAR REACHES $149,760

LAST YEAR BEATEN

THIS MONTH EXCEEDS THAT IN 1920; FIVE RESIDENCES STARTED EVERY DAY

Outdoing January building and going over the record set for February, 1920, the city building inspector's office reports that 102 permits have been taken out already this year for a total of $293,543 improvements. The total so far for February, with ten more days to go until the month ends, is $149,760.

From meter installation reports and from the building permits, it is to be seen that five new homes start every day here. On the basis of five persons residing at each house, that means 625 people are added to the population each month, or nearly 7500 in a year.

Permits Granted

Following are the permits which have been issued the last three days of the week:

R. W. Reynolds, addition and repairs, 1230 South Hill.....$3000
Harry Tobias, seven-room residence, 1633 South San Fernando 3000
Christ Lindeman, five-room residence, 416 West Myrtle 3000

Georgiana Worley, garage, 1615 South San Fernando Road.... 500
Claude Harness, one-room house, 514 North Glendale.... 300
Mrs. L. Anch, sleeping porch, 918 East Acacia 150
Charles A. Calef, addition, 1012 San Rafael 150
O. E. Jones, garage, 115 West Garfield 125
E. J. Capderville, garage, 418 West Palmer 100
Mort Woodbury, addition, 324 North Belmont 100

LITERARY WORK

SECTION OF TUESDAY CLUB HOLDS MEETING IN HOME OF MRS. A. M. WILLIAMS

The Literary Section of the Tuesday Afternoon club met Tuesday at the home of the curator, Mrs. A. M. Williams, 208 South Orange street. There were sixteen present.

Mrs. Annie Williams read a paper on Roumania, telling of the life of the people and of the country. The story of Miss Lulu Bett by Zona Gale was told by Mrs. G. H. Rowe in a very pleasing manner.

Current events were given by Mrs. Dalrymple and Mrs. Burnham. In addition to its other work the review of magazine articles is now being taken up by the section.

On March 1 Mrs. C. E. Norton will tell about Ireland. Other interesting numbers are being planned for the program at that time.

Mrs. H. E. Pease Has Fainting Spell

Mrs. H. E. Pease, an elderly woman, residing at the home of G. E. Porter, 304 East Harvard street, fell unconscious to the sidewalk in front of the Glendale Plant & Floral company's store on Brand boulevard late yesterday. Passersby picked her up and Dr. H. R. Boyer was called. She was then removed to the Glendale Sanitarium and Hospital while police officers instituted a search for friends, inasmuch as the woman could not give a coherent story of what had happened and where she lived.

Officer I. J. Herbert finally located the residence which she described as Porters' and when the family was notified, Mr. Porter had Mrs. Pease removed from the hospital to his home.

ANNUAL BALL IS SOCIAL SUCCESS

ABOUT 100 COUPLES PRESENT AT GOOD CHEER DANCE BY LOCAL KNIGHTS TEMPLAR

FESTIVE AND GAY

UNIQUE DECORATIONS GIVEN PRAISE; COMMITTEE WORK COMPLETELY HANDLED

Amid the setting of a Japanese arbor, with its lanterns, peach blossoms and hanging baskets of greenery, the annual Good Cheer ball given by the Glendale Commandery Knights Templar, at Masonic Temple, was attended by about 100 couples last night.

The grand march at 9 o'clock was led by Commander and Mrs. Priaulx, followed by Past Commander and Mrs. Clem Moore, visiting officers, officers of Glendale Commandery, members and guests. After a short intermission, partners were taken for the cotillion, which lasted until 10:30 p. m.

Orders for the various figures of the dance and favors were given by Mrs. C. L. Peckham, assisted by W. W. Worley. The fancy figures included a quadrille, Virginia Reel and May Pole dance. Regular dancing was continued until midnight. A six-piece orchestra furnished music.

Committee in Charge

Punch was served throughout the evening. At 11 o'clock ice cream and cake were enjoyed.

The committee in charge of this brilliant social affair consisted of W. W. Worley, chairman of the entertainment committee; Mrs. Worley, Mr. and Mrs. C. L. Peckham, Mr. and Mrs. Priaulx, O. E. Von Oven, B. O. Hagen, chairman of the refreshment committee; H. E. Noble, Dan Campbell, W. H. Reynolds, Riley Lyons and R. M. Grumbling.

The orchid-colored strips of crepe paper which were used to form the lattice work of the arbor, the boughs of peach blossoms, the evening gowns of the ladies and the uniforms of the Knights all added to the festive and gay spirit of the occasion.

Removal Of Trees Is Permitted By Board

Applications for removal of trees were acted upon at the last meeting of the Board of City Trustees, following the receipt of the following communication from T. W. Watson, city manager:

"I respectfully report on applications for removal of trees as follows:

"Application of W. H. Isgrigg of 505 East Palmer avenue to remove tree from parkway. I would recommend that this application be granted as this tree is directly in the way of constructing a driveway entrance to this property.

"Application of E. Jahns of 459 West Salem street to remove an acacia tree and plant camphor tree. I would recommend that this application be granted as camphor trees have been planted by the city on this portion of Salem street."

On the recommendations of the city manager, the applications were favorably acted upon by the board.

BUILDING HOME

DR. FRANK W. SUTTON WILL HAVE BUNGALOW AT 620 WEST DORAN STREET

Dr. Frank W. Sutton, who comes from the east where he was noted as a dental surgeon, is building a four-room bungalow at 620 West Doran street, having purchased the lot the first of the week through the Edwards & Wildey agency and the next day taking out the permit to build.

Having had experience in the building game, he is quick in action and expressed pleasure at obtaining such a suitable location for a home in Glendale.

Charles A. Martin Buyer Of Residence

Mrs. Pearl Curran recently sold her residence property at 471 Ivy street to Charles A. Martin of Hollywood. The new owner is remodeling the building, making it suitable for a mercantile house.

POLLS TO CLOSE AT 7:30 TONIGHT

ALL BALLOTS IN CHAMBER OF COMMERCE PRIMARY MUST BE VOTED AT ONCE

VOTE TWENTY-FOUR

FINAL ELECTION WILL THEN BE HELD TO DECIDE ON TWELVE DIRECTORS

Active members of the Glendale Chamber of Commerce are sending in their ballots today to the organization's headquarters on West Broadway in the first primary election at which twenty-four candidates are to be chosen.

The twenty-four receiving the highest vote are to be offered to the membership at a final election and out of the twenty-four there will be twelve elected to serve as directors.

The polls will close at 7:30 o'clock tonight and the election committee, of which Richardson D. White is chairman, urges that ballots be sent in before that hour.

Members of Committee

The members of the election committee are C. C. Cooper, A. R. Eastman, Roy L. Kent, V. M. Hollister, J. A. Newton, E. P. Hayward, Mrs. E. D. Yard, Mrs. M. L. Tight, Peter L. Ferry, J. A. Logan, Steve Packer, Dan Kelty, Wm. B. Kirk, Mrs. John Robert White, R. D. White chairman.

At the final election, when twelve directors are chosen, these twelve will meet and elect a president and vice-president, also a treasurer. The directors will also select a paid secretary.

TEACHERS' CLUB

ANNUAL SOCIAL MEETING TO BE HELD MONDAY NIGHT; PATRIOTIC PROGRAM

The Glendale City Teachers' club, of which Miss Clara Midcalf is president, is planning to hold their annual social gathering Monday night in Pearl Keller's hall. A patriotic program and decorations to correspond are being arranged.

Members of the high school faculty and Parent-Teachers' association members will be the special guests of the club at this time.

A number of the members and guests are going to wear Colonial costumes.

Mrs. Sarah Chapman Suddenly Stricken

Mrs. Sarah M. Chapman, mother of Mrs. W. W. Ruble of 420 North Isabel street, passed away very suddenly yesterday morning of heart trouble.

Mrs. Chapman has been making her home with her daughter for about a year. She was 69 years of age and was born and raised in New Hampshire. She has two daughters in Minnesota, a son in North Dakota and one in Halifax, Nova Scotia, and the daughter in Glendale.

Funeral services were held this afternoon at the Seventh-day Adventist church. The Jewel City Undertaking company was in charge of the funeral. The remains will be taken to Alexander, Minnesota, tomorrow for burial.

More Glendale Homes Ready For Occupancy

Seven more Glendale homes are about ready for occupancy, the public service department being requested to install water or light meters or both for the following: E. L. Osborne, Jr., 449 West Broadway; John McKay, 119 East Chestnut; J. M. Swaner, 452 Milford; T. Frazier, 1540 East Broadway; Mrs. M. A. Lewenstein, 535 East Lomita; A. R. Seifert, 549 West Alexander, and G. W. Evans, 510 East Palmer.

People requesting service where the meters already are installed are Mrs. R. L. Wilson, 527 West Oak; Ella W. Richardson, 317 North Brand; Mrs. Arthur Rowe, 1002 East Orange Grove; L. L. Biggs, 235 South Cedar; Edward Gable, 1524 East Colorado, and J. W. Scott, 114 Franklin Court.

MRS. MAYBELLE ROWE GETS LIFE SENTENCE

(Special Service to Glendale Evening News)

LOS ANGELES, Feb. 19.—Denied a new trial, Mrs. Maybelle Rowe, 44 and a widow, calmly stood before Judge Hawser today and heard herself sentenced to life imprisonment in San Quentin penitentiary. She was convicted of the murder of McCullough Graydon, real estate dealer, who was shot to death in an altercation over the possession of a Venice bungalow. Graydon's wife witnessed the murder. "I was out of my mind when I did it," Mrs. Rowe told the judge today.

BANDITS CAPTURED AFTER RUNNING FIGHT

(Special Service to Glendale Evening News)

MINNEAPOLIS, Minn., Feb. 19.—Two men believed to have robbed the mail car of the North Coast Pacific last night of $300,000 were captured at Little Falls, Minnesota, early today after a running revolver fight with deputies.

One of the deputies and one of the alleged bandits were wounded in the fight. C. E. Strong, a mail clerk, was shot when he attempted to resist the bandits. The prisoners are Robert Allen and Robert Ford.

INDIAN REBELS ATTACK VICEROY'S TRAIN

(Special Service to Glendale Evening News)

LONDON, Feb. 19.—Hundreds of Indian rebels attacked the special train of Viceroy Lord Chelmsford near Allahabad, forcing the vice regal party to abandon its efforts to reach Calcutta, according to advices received here today. The attackers were driven off with difficulty. Fear was expressed here for the safety of the Christion population of Allahabad, numbering about 10,000 of the city's 200,000.

RAILROAD DECISION EXPECTED IN APRIL

(Special Service to Glendale Evening News)

CHICAGO, Feb. 19.—Decision by the federal railroad labor board on the petition by railroads for right to reduce wages and abrogate national agreements will be handed down during April, according to indications today. The decision on whether boards of adjustment shall be national or local in scope, settling the open shop question, also will probably come in April.

ALLEGED SLAYER DEAD RESULT OF FAST

(Special Service to Glendale Evening News)

DALLAS, Ore., Feb. 19.—Following a sixty day fast in jail, Geo. F. West, alleged wife murderer, is dead today. West came here from Willows, California, in December. He was alleged to have killed his wife because she refused to return to him. He failed in an attempt to commit suicide and after being lodged in jail refused to touch food.

AMERICAN TROOPS WILL RETURN AT ONCE

(Special Service to Glendale Evening News)

PARIS, Feb. 19.—Withdrawal of American representation on the reparations committee, formally announced today by Roland Boyden, has severed the last official connection of the United States with enforcement of the treaty of Versailles. American troops still in the Coblenz area are expected to be ordered home at once.

MARINES KILLED IN CRASH OF AIRCRAFT

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 19.—Two enlisted men of the marine corps were killed Thursday when their airplane crashed to the ground at Minebalais, Haiti, the navy department was advised today. They were Douglas Booth of Key West, Florida, and Donald Mack of Seattle, Washington.

PLAN TO SPEED ACTION ON TARIFF BILL

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 19.—Steps to speed up final action on the Fordney emergency tariff bill were taken today by the house rules committee. The committee reported a special rule to enable the bill to be sent to congress between the senate and the house, where differences will be considered.

HARDING CONFIRMS HUGHES' APPOINTMENT

(Special Service to Glendale Evening News)

ST. AUGUSTINE, Fla., Feb. 19.—Formal announcement of Charles E. Hughes, of New York, as secretary of state in President-elect Harding's cabinet was made here today by Harding.

CARUSO SHOWING FURTHER IMPROVEMENT

(Special Service to Glendale Evening News)

NEW YORK, Feb. 19.—Enrico Caruso spent "the very best night since his relapse and he is resting comfortably," Dr. Francis Murray announced today.

C. E. CONVENTION HELPS GLENDALE

J. A. NEWTON HEADS PUBLICITY COMMITTEE AND PROPOSES TO ADVERTISE CITY

AIDED WITH SONGS

SINGERS TO VOICE PRAISES OF COMMUNITY; ADDITIONS TO FORCES ANNOUNCED

J. A. Newton of Glendale is busily engaged as chairman of the Publicity committee for the Christian Endeavor convention, which is coming to Glendale June 25 to 29.

Mr. Newton and his committee have plans which will surely put Glendale on the map.

Miss Nellie Warner has composed words to three old tunes, which will help wonderfully in this work.

A. L. Baird has recently accepted the chairmanship of the financial committee and he is to be aided by R. F. Kitterman. With these two men helping to manage the financial affairs, no hitch can easily arise.

Committees Added

Two other committees have been recently completed. They are the commissary committee, with Mrs. H. W. Yarick as chairman, and the music committee, composed of Harry Maple, Evert Anderson and Miss Dorris Becker.

Howard L. Brown is chairman of the convention committee and with such backing as these and other committeemen previously installed, it is declared that Glendale can rest assured that the city will receive a

(Continued on Page 3)

NEW INDUSTRIES

INDUSTRIAL ACTIVITY BEING SHOWN RESULT CHAMBER OF COMMERCE WORK

Indicative of Glendale's future industrially, the Chamber of Commerce headquarters, where the reorganization and membership campaign is being conducted, has received inquiries from two concerns about locating plants in the industrial district along the Southern Pacific right of way on the San Fernando Road.

Cunningham & Cunningham of Pomona are desirous of establishing a large forge and machine shop. Their initial investment, it is estimated, would be $12,000 and they propose to employ six men at first in the manufacture of automobile parts.

The directors of the chamber's membership drive appointed Roy Kent as chairman, J. G. Huntley and C. D. Lusby as a committee to confer with the Cunninghams on the desirability of their locating here.

Seeks Five-Acre Tract

H. E. Gilley, general manager of the Ever-Ready Heating company of Los Angeles, was also in the city this week conferring with the Chamber of Commerce on the possibility of obtaining a five-acre tract for the erection of a factory which will manufacture heaters. Their present production is 1000 a day and they plan to enlarge in an outlying industrial district. An initial investment of $50,000 is probable.

VALENTINE PARTY

MR. AND MRS. B FRANKLIN OF 398 WEST WILSON ARE HOSTS TO FRIENDS

Mr. and Mrs. Blake Franklin of 398 West Wilson avenue entertained a number of friends at a Valentine card party at their home last night. Decorations appropriate to the Valentine season and carnations were used.

Those present were Mr. and Mrs. C. C. Groton, Mr. and Mrs. E. L. Osborne, Mr. and Mrs. C. H. Pendleton, Mr. and Mrs. T. B. Potter, Mr. and Mrs. L. P. Abell, Miss Margaret Cross and Mr. and Mrs. Blake Franklin.

High score was made by Miss Cross, who was presented with a bouquet of carnations. Light refreshments were served, after which the guests enjoyed music.

WEATHER FORECAST

LOS ANGELES, Feb. 19—The official weather forecast issued today is: Fair tonight and Sunday.

HOLD GATHERING FOR PATRIOTISM

EXCELLENT PROGRAM IS GIVEN AT BROADWAY SCHOOL BY GLENDALE FEDERATION

DR. FOX IS SPEAKER

PARENT-TEACHER BODY WINS PRAISE FOR CELEBRATION GIVEN FRIDAY NIGHT

The patriotic celebration held last night at the Broadway school was a splendid success. The affair was in charge of the Federation of Parent-Teacher associations.

The meeting was called to order by the federation president, Mrs. John Robert White. After the singing of "America," a brief history of the flag salute was given by Mrs. Crawford, federation patriotic chairman, and was followed by the salute, in which all present participated.

The Broadway Boys' Dancing club with Miss Dorothy Dutton as instructress, danced the Scotch Sailors' Hornpipe, the little fellows being called back twice in response to the appreciation of the crowd.

Names of Dancers

The dancers were Spencer and Edwin Van Wie, Francis Wilkinson, Billie Godfrey, Phillip Sonntag, Sammie Stanford and Bertie Leach.

Richardson D. White, representing the fathers of the Parent-Teacher associations, then spoke of educational systems.

The talk was followed by a charming solo by Miss Dorothy Peart.

Miss Dorothy Dutton gave a very artistic dancing interpretation of Chopin's Waltz No. 2.

Talk by Dr. D. F. Fox

This was followed by the speaker of the evening, Dr. David F. Fox, Pasadena, whose very able address on "Team Work" was warmly appreciated.

"Educating the girls and boys of our country is the greatest work God has bestowed upon us," declared Dr. Fox, and his sentiments were fully approved by the parents and other educators, as was evidenced by the enthusiasm of the crowd present at the school last night.

After the meeting a "get-acquainted" reception was held, the ladies serving coffee and doughnuts.

LEGION ENTERTAINS

150 VETERANS, INCLUDING 40 DISABLED FROM THORNYCROFT, ENJOY "FEED"

At American Legion (Hurtt's) hall last night, the disabled service men from Thornycroft, about 40 in number, were the guests of the Glendale Post, American Legion, which entertained with a "feed" and program, followed by dancing.

Harry Frazier, accompanied by two kiddies, staged a Scotch act which proved most entertaining. Frazier played the bagpipes while the children danced—and they danced the fling and other numbers with a vim that kept the "vets" happy.

Mrs. P. M. Custer, with Mrs. Arthur Dibbern accompanying her at the piano, sang three songs which were well received.

Miss Dorothy Morton and Herbert Henning entertained for half an hour, Miss Morton singing and dancing and Mr. Henning singing and playing the piano as he used to do in vaudeville.

The American Legion band also gave several numbers which livened the program and Gerald Delgardo, chairman of the program committee, did the announcing of events.

On the eats program—and there were over 150 veterans there to help in that number—a plenty of coffee with sandwiches and cake comprised the menu.

Next week, Friday night, February 26, the Post will be host at another one of its popular dances.

MARTHA REDLINE TO WED

Mrs. William Hail of Glendale gave a charming luncheon Thursday in honor of Martha Redline, whose coming marriage to Dr. William Percival of Los Angeles was announced.

The table was lovely with the decorations of spring flowers. Place cards were suggestive of approaching wedding, which is to take place this spring.

The guests were Mrs. D. Hail, Mrs. J. D. Hail, Mrs. Harvey Ling, Mrs. Bert Greer and Miss Lillian Greer, Dr. Percival, Martha Redline and Mr. and Mrs. Will Hail.

FOR SALE

REAL ESTATE

FOR SALE—New bungalow, 4 large rooms, breakfast nook, garage, all conveniences. 515 Fairmont, price $4200, terms. Owner, 335 Patterson. Phone Glendale 417. Courtesy to agents.

PLEASE READ CAREFULLY

It is pitiful to face the many people every day looking for small places to rent who are willing to pay a very reasonable price for same, and to think that we have several small places for sale as low as $2300 up to $3500 that can be purchased on low terms, that will produce an attractive revenue from the investment. Why not buy one or two of these and let them pay themselves out?

This is good logic; investigate at once.

Hart Realty Co.
120 North Brand

Double Deck Streets Planned For Chicago

CHICAGO—Chicago will have elevated or double-decked sidewalks to relieve congestion in the loop district, if the proposal of George F. Cole, engineer, is favorably acted upon by the city council. The plan is identical to the one presented to the council in 1894. After arousing considerable interest, the scheme died in committee. Cole proposed that the upper landing would be reached by means of movable or stationary stairways.

At a joint convention of the Louisiana Bankers' association and the Louisiana division of the American Cotton association it was decided that bankers would refuse credit to cotton planters who fail to reduce their acreage by one-half this year. Merchants are also asked to refuse credit to those farmers who fail to co-operate in the movement.

CERTIFICATE OF BUSINESS Fictitious Firm Name

The undersigned do hereby certify that they are conducting a plant and floral business at 329 West Colorado street, Glendale, California, under the fictitious firm name of Glendale Dahlia Gardens, and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

C. C. Stoler, 339 West Colorado street, Glendale, California.
H. A. Brooks, 345 West Colorado street, Glendale, California.

Witness our hands this 16th day of February, 1921.

C. C. STOLER,
H. A. BROOKS.

STATE OF CALIFORNIA, COUNTY OF LOS ANGELES—SS.

On this 16th day of February in the year nineteen hundred and twenty-one, before me, James F. McBryde, a Notary Public in and for said county, residing therein, duly commissioned and sworn, personally appeared C. C. Stoler and H. A. Brooks, known to me to be the persons whose names are subscribed to the within instrument and acknowledged to me that they executed the same.

Witness my hand and official seal.
(Seal) JAMES F. M'BRYDE,
Notary Public in and for said County and State of California.

PERSONALS

Miss Cecil V. Brennenberg of 214 East Harvard street leaves today for Stockton. She will be gone a week.

Mrs. John F. Quinn of 432 Arden avenue is home from St. Vincent's hospital after an illness of eight weeks.

Mr. and Mrs. H. Blumenthal of 722 North Central avenue returned last evening from a two weeks' business and pleasure trip to San Francisco.

Mrs. Elizabeth A. Lively of 334 North Central avenue had as her luncheon guests yesterday Mr. and Mrs. Carrington of Santa Monica.

Mrs. O. O. Clark of 346 North Louise street entertained in celebration of her birthday Wednesday Dr. and Mrs. R. C. Lane and children of Glendale, and Mr. and Mrs. George Lingo of Los Angeles.

Dr. and Mrs. J. H. Daugherty of 700 East Harvard street are entertaining at dinner today Mr. and Mrs. I. H. Pearson of 644 East Harvard street. The event is in celebration of Mr. and Mrs. I. H. Pearson's 55th wedding anniversary.

Mr. and Mrs. Thos. S. Nash of 1233 Dorothy Drive were guests of honor Tuesday evening at a dinner party given by W. A. Clark of Los Angeles at the Los Angeles Athletic club, followed by a theatre party to a Los Angeles playhouse.

Mr. and Mrs. C. F. Prine and daughter Mary of Aurora, Illinois, have purchased a home at 630 North Maryland avenue and will reside here permanently. Mr. and Mrs. Prine are warm friends of Mr. and Mrs. L. P. Clover of 947 North Louise street.

Mrs. Ella Richardson of 525 South Central avenue entertained thirty couples of her young friends at a farewell dance last night. During the evening refreshments were served. The guests departed at 11:30 o'clock, after having enjoyed a happy evening.

Mr. and Mrs. James Cooper of 119 North Cedar street entertained with a birthday dinner party Thursday evening in honor of Mrs. H. G. Hoedinghaus. Those present were Mr. and Mrs. H. G. Hoedinghaus, Edward Hoedinghaus, Mr. and Mrs. H. C. Lynn, Mr. and Mrs. James Cooper and Wesley Cooper.

Dr. and Mrs. C. R. Lusby of 125 North Louise street have as their house guests Mr. and Mrs. J. G. Grimm of River Falls, Wisconsin. Mrs. Grimm is Mrs. Lusby's cousin. This is her fourth trip to California and her husband's sixth. They are more in love with California every trip. They expect to stay here two weeks.

Mr. and Mrs. A. W. Tower of 214 East Park avenue entertained at dinner last evening Mr. and Mrs. Wilbur E. Lee and Mr. and Mrs. Frank C. Weller.

Miss Gertrude Champlain, 441 Hawthorne street, has as her guest her cousin, Miss Dorothy Follett, who arrived a few days ago from St. Paul, Minnesota. Miss Follett stopped en route at Tucson and Hayden, Arizona. Her brother, George Follett, arrived in Glendale several weeks ago. They will probably make their home here.

The Foster Bridge club were entertained yesterday at the home of Mrs. Lester Jones, 301 North Cedar street. The rooms were decorated in japonica blossoms. The Glendale guests were Mrs. C. E. Norton, Mrs. W. W. Ramsey, Mrs. A. H. Montgomery, Mrs. Helen Campbell, Mrs. Mabel Rudy and the hostess, Mrs. Jones. Lovely refreshments were served. The prize at cards was won by Mrs. Helen Campbell.

City Manager T. W. Watson is planning to go to Riverside Tuesday of next week to attend a meeting of representatives of southern California cities, which has been called by Mayor Porter of Riverside. The topic for discussion is the municipal development of hydro-electric power. Already in the central part of California, definite steps have been taken along this line and Los Angeles is already operating power plants in connection with the aqueduct.

Many To Be Present At Hospital Opening

Dwight Stephenson, president of the Board of City Trustees, members of the board, and other city officials have accepted invitations to be present at the formal opening on Sunday afternoon at 2:30 o'clock of the Glendale Sanitarium and Hospital's first unit in the new system, corner Jackson street and Wilson avenue.

The general public is cordially invited to be present tomorrow afternoon and inspect the first unit. There will be a program and a large number of people will be in attendance.

Iowa Picnic Reunion To Be Held Tuesday

Through the courtesy of the Park commission there will be seats for the comfort of the Iowans at their picnic reunion Tuesday, February 22, at Lincoln park, Los Angeles. The commission will supply some seats for each one of the ninety-nine county headquarters so that many may be seated. The picnic will be held under the auspices of the Iowa association of southern California.

Special feature will be the college reunions from 3 to 4 o'clock. With Frank O. Lowden and Former President MacBride of the State University, President Main of Grinnell and President Colegrove of U. I. U. hundreds will want to rally to see old friends of school days. Lowden and Main will speak.

Make Protest Upon Proposed Tire Tax

Tire dealers of Glendale, as well as every other community in the state, are watching with interest senate bill No. 655, introduced by State Senator Eden, which will come up for consideration when the legislature meets February 24.

The bill provides that all tire dealers in the state shall pay to the state 10 per cent of their gross sales on tires. Glendale dealers, as well as others, feel that the proposed tax is unjust. They point out that the tire purchasers will, eventually, have to pay the tax, so they urge that strong protests be made against the measure. Glendale dealers suggest that the matter be called to the attention of Assemblyman J. R. White, who represents this district in the legislature.

Spring Is Here, For Many Making Moves

With the early California springtime, it seems as though the moving fever has begun in earnest. This week-end the following changes of address were noted at the public service department of the city:

A. Kitzig, 821 South Glendale to 122 West Ninth street, Los Angeles; M. Bennett, 217 South Jackson to 511 East Harvard; G. M. Frankenstein from 611 South Brand; J. M. Huser, 365 Hawthorne to 531 Oak; W. J. Kramer, 356 West Doran to 200 North Verdugo Road; Harry Bartram, 634 North Central to 530 North Central; L. C. Yeoman, 349 West Elk to 326 East Chestnut.

Wall Street reports rumors that officials of some of the great railroads of the country are considering offering stock to employes.

The government has completed a survey of the results accomplished by 250 community centers in farming sections.

James W. Foley, March 18th, Masonic Temple, Literary Section Tuesday Afternoon Club.—Adv.

A Few Years Ago

A man in Pittsburgh died leaving his wife the ownership of some large laundries and $340,000 worth of lump-sum insurance. Today she is working for wages in one of those laundries! What a crime for a man to deprive his wife of all opportunity for business experience by supporting her in comfort and possibly in luxury and make no provision for a certain income for her in case of his sudden demise!

If some insurance man had persuaded him to direct just a small fraction of his income into a "continuous income policy" for his wife, what a blessing it would have proven, and how different the latter years of her life would be!

THERE IS NO SUBSTITUTE.

BACKSLIDING HEIFERS

Subject to be discussed by Dr. H. C. Funk at the

Lutheran Church

Corner East Harvard and Maryland

Sunday at 11 a. m.

—Dr. Funk will answer the following questions: Are all finally saved? Can a man come back who has fallen from grace?

—If you like good music and pungent preaching, come.

—Vesper service at 7:30 p. m. Subject, "Human Agency in Conversion."

Preliminary reports on British trade for 1920 have been received by Foreign and Domestic Commerce. According to the statement issued by the bureau the report show imports of the United Kingdom as £1,936,742,120 and exports (including re-exports of £1,557,974,984), making the total foreign trade for the year £3,494,717,104, against £2,589,540,889 in 1919 and reducing the unfavorable balance of trade by £284,000,000 compared with the earlier year.

C. E. CONVENTION

PUBLICITY PLANS ON BEHALF OF GATHERING HERE ARE BEING OUTLINED

(Continued From Page One)

result-getting advertising campaign and the most successful Christian Endeavor convention yet held.

Miss Warner Writes Words

Miss Nellie Warner's song words, to be used in connection with old-time tunes, will do much, it is predicted, to further advertise the city. The songs follow:

Tune—"The Church in the Wildwood."

There's a town in Los Angeles county,
Oh, yes, it is Glendale for mine,
Where Glen and Dale wish to meet us,
Next June twenty-five to twenty-nine.

Chorus:
Oh, Glen, Dale, Glen, Dale, yes, we are going to Glendale
To the town they all say is so fine,
To the great C. E. Convention,
Next June twenty-five to twenty-nine.

We're going to the C. E. Convention,
Where Glen and Dale we shall see,
For they've promised to meet us and greet us,
And a royal good time there will be.

Tune—"Get God's Sunshine."

Yes, 'tis Glendale, that is the place, (Repeat)
They have chosen for the time,
June twenty-five to twenty-nine,
If you come to Glendale we'll treat you fine.

Tune—"No Longer Lonely."

Chorus:
Glendale invites you, Glendale entreats you,
To be their guests June twenty-five to nine,
Spend you vacation, at the Convention,
With Glen and Dale June twenty-five to nine.

INVENTORIES AND TAXES

The importance of setting aside from profits in a time of rising prices a reserve fund to cover losses from deflation has been frequently emphasized in this column.

In business in which it is necessary to have constantly on hand large quantities of raw materials or finished products substantial book profits can be shown in a period of advancing prices through the enhanced replacement value of these commodities. When prices begin to recede, such profits may be completely wiped out in a few months. The losses may be wholly on paper, as were the previous profits, but the interests of stockholders may be materially affected by such fluctuations.

Two methods of avoiding such consequences have been employed by conservatively managed corporations. One of these is to set aside from the profits of fat years a sufficient reserve to maintain the integrity of the inventories when the lean years come. Another method is to appraise inventories at a constant price level, thus eliminating paper profits and losses from the inflation and deflation that seem inevitable accompaniments of modern business.

The treasury department, however, does not permit this method of valuation when taxes are computed, maintaining that the law requires inventories to be based on either original cost or present value. In making this interpretation the treasury officials have no discretion, but it is being urged that the law should be amended so as to encourage rather than prevent the adoption of such sound business practices.

The Pennsylvania railroad has put in operation a plan for averting breaks between engine and train service employes.

Imports of Brazilian coffee through the port of New Orleans in 1920 exceeded all previous records by more than 60,000 bags.

Private American shipyards built 1758 merchant vessels of 2,832,343 gross tons for American ship owners in 1920.

Save Mother's Strength

Machines may wear out but they can be replaced. Mothers wear out and their places can never be filled.

Why not let our machines do your family washing and save Mother's strength for more important things?

We can obtain new laundry equipment when ours wears out—but you can't fill Mother's place in the home. Save her by having us take the washing off her shoulders.

You will find that our family laundry service not only helps to preserve Mother's strength but our method of gently sousing the clothes up and down in warm, soft suds preserves the fabric also.

A phone call will bring one of our wagons to your door.

They Walk 2 Miles Every Day To Cook

MONTGOMERY, Ala.—Preparations of meals for an average family means a two-mile daily kitchen marathon for the housewife, statistics compiled for the conference of vocational workers of the south, in session here, disclose. A pedometer attached to students in the kitchen of the model home at Livingstone school showed this measurement for the stove, sink and pantry route covered during the period from bacon and eggs to dinner and dessert.

Will Cut Open Head To Save Poor Boxes

BUFFALO.—Reformatories, prisons and such don't seem to cure George Graf's mania for robbing church poor boxes, so surgeons will try to effect a cure by an operation on Graf's skull. Graf, 21, has been arrested six times for robbing poor boxes. It is believed there is a pressure on Graf's brain which is responsible for his tendencies. When a boy, he fell downstairs, injuring his head and has been stealing ever since.

Sunday Services at the Churches

CENTRAL AVENUE METHODIST

Bible school, 9:45. Jas. L. Brown, superintendent. Junior league, 11. Mrs. M. A. Hewitt, superintendent. Morning worship, 11. Rev. Brink will preach on "The Two Gifts." Special music by choir. Epworth league 6:30 p. m. Miss Helen Muhleman, leader. Evening service 7:30. Prayer and testimony meeting for thirty minutes. Sermon by pastor, "Have Faith in God." Special music.

FIRST LUTHERAN

"Backsliding Heifers" will be the subject discussed by the pastor next Sunday morning at 11 o'clock. Corner East Harvard and Maryland. Dr. Funk will answer the following questions: Are all finally saved? Can a man come back who has fallen from grace? The Bible school begins at 10 a. m. Mr. Owen J. Sherrick, superintendent; Miss Helen Esterly, director of music. Vesper service at 7:30 p. m. Luther league half-hour devotion, with an address by the pastor on the "Human Agency in Conversion." You are invited to attend.

CHRISTIAN AND MISSIONARY ALLIANCE

Meetings every Tuesday and Thursday, 7:30 p. m. Gospel Tabernacle, 310 E. Chestnut Street, corner of Louise. Full Gospel—Jesus Christ—Saviour, Sanctifier, Healer and Coming King.

FIRST METHODIST

Corner Wilson and Kenwood. Rev. Clyde Monroe Crist, D. D., pastor. Sunday school (graded) 9:30. Prof. A. W. Tower, superintendent. See how it grows! Preaching at 11 a. m. and 7:30 p. m. by the pastor. Morning subject, "Some Distinguishing Features of The Third Gospel." Also baptism of infants at 11 o'clock. Class meeting 12:15, Junior League 3:00, Intermediate league 6:15, Epworth league 6:15. Dr. Bittern, who soon leaves for Sumatra, will have charge. Brotherhood 6:45. Dr. S. B. Warner will speak. Organ recital at 7:15, by Mrs. H. W. Randall. Praise, prayer and preaching, 7:30. Subject, "Young Men and The Church." The acousticon is installed in this church. It is a church that "seems like home." The following excellent program of music will be presented: Morning—"Allegro Jubilant" (Vincent); anthem, "Fear Not Ye, O Israel" (Spicker); quartet, "How Long Wilt Thou Forget Me?" (Pfleuger); "Hosanna" (Wachs). Evening—"A Shepherd's Evening Prayer" (Nevin); "At Twilight" (Stebbins); "Sunset Meditation" (Biggs); anthem, "There Is An Hour of Hallowed Peace" (Stephenson); "March in E Flat" (Eddy); also a praise service interspersed with selections on the steel guitar by Keaumoku Lewis, a native Hawaiian.

LENT AT ST. MARK'S EPISCOPAL

There will be two services at St. Mark's on the Sundays in Lent, 11 a. m. and 7:30 p. m.

At the 11 o'clock service the Rev. Dr. Cornell will officiate, and at the evening service the Rev. C. E. Webb, rector of St. Andrew's, Los Angeles. A very cordial invitation is extended to all to attend these services and to help make them fruitful of good.

Dr. Cornell will deliver a series of sermons on Sunday mornings during Lent on the subject, "The Way of Calvary."

Sunday, Feb. 13, "Betrayal."
Sunday, Feb. 20, "Gethsemane."
Sunday, Feb. 27, "Denial."
Sunday, March 6, "Desertion."
Sunday, March 13, "Wounds."
Sunday, March 20, "A Sorrowful Triumph." (Palm Sunday).
Good Friday, March 25, "Crucifixion."

Due notice of the Easter services will be given later. The offerings on Easter Day will be devoted to the reduction of the church debt.

NEW THOUGHT CENTER

Masonic Temple, Sunday, Feb. 20. Lecture by Dr. Frank Riley at 11 a. m. Sunday school 9:45. All welcome.

CATHOLIC

East Elk, near Adams street. Mass at 8 o'clock. Sunday school at 9. Mass at 10:30. Sermon in English. Everybody welcome. James Stephen O'Naill, pastor.

CHRISTIAN SCIENCE

First Church of Christ, Scientist, corner Maryland and California avenues. Service Sunday at 11 a. m. The lesson sermon is from the Christian Science Quarterly Bible Lessons. Subject, Sunday, February 20, "Mind." Sunday school at 9:30 a. m. Wednesday evening testimony meeting at 8. Reading room, 135 South Brand boulevard, open daily except Sunday and holidays from 12 to 5 p. m. Also every Tuesday, Thursday and Saturday evening from 7 until 9.

FIRST CONGREGATIONAL

Rev. C. M. Calderwood, pastor. Church school at 9:45. O. E. Von Oven, superintendent. Morning service at 11; subject, "The Value of Apprehending God in the Ordinary Events of Life." Young people's meeting at 6:30. Evening service at 7:30. Subject, "The Heart at School."

PRESBYTERIAN

"Church of the Lighted Cross." Rev. W. E. Edmonds, pastor. Rev. Louis Tinning, assistant pastor. Morning worship, 11 o'clock. Sermon by the assistant pastor, Rev. Louis Tinning. Subject, "The Spiritual Every Member Canvass." Evening service, 7:30. (Organ recital 7:15). The pastor will bring the closing chapter in "Scarlet and Purple" No. 4. "Brotherhood in Christ." "Where Sin Abounds, Grace Doth Much More Abound." The four C. E. meetings will be at the usual hours. Sabbath school, 9:30. H. L. Finlay, superintendent. This church will loyally support the Brown union evangelistic meetings beginning April 17. Musical program: Morning—Prelude, "Large" (Handel); quartet, "Day of Rest and Gladness" (Creswell); offertory, "Elevation" (Du Bois); duet, "Forever With the Lord," Orrin L. Padel and C. Clifford Riggs; postlude, "Postlude" (Barnby). Evening—"Nocturne in E Flat" (Chopin); "Fantasia" (Stainer); "Salut de'Amour" (Elgar); quartet, "Evening Prayer" (Thomas); soprano solo, "Faith" (Terhune), Mrs. Helen Graham Cole; offertory, "Cantilene" (Salome); quartet, "Bless the Lord O My Soul" (Bliss); gospel solo (selected), Mrs. Fannie Marple Retts; postlude, "March" (Flagler).

FIRST BAPTIST

Ernest E. Ford, pastor. Roy L. Kent, superintendent of Sunday school. All departments of the Sunday school meet at 9:30. Classes for all ages. Public worship with sermon by the pastor, at 11 o'clock. Theme, "Where Do Our Sins Go?" Young people's meeting at 6:30. Special feature will be the playing by Mr. Fraser, in Scottish costume, on his bagpipe. At 7:30 the pastor will preach from the lesson found in the word "Ephphatha." Prayer meeting on Wednesday at 7:30. Lesson for study, "In Partnership With God."

CENTRAL CHRISTIAN

Corner Louise and Colorado. Clifford A. Cole, minister. All services at the usual hours tomorrow. Morning communion and sermon at 10:30. Topic of sermon, "Go Forward." At 7:30 p. m. the minister will speak on the subject, "By This Sign Conquer." Bible school at 9:30, with classes for all ages. A men's class for men, a women's class for women, each with attendance of around 50. Christian Endeavor at 6:30. "The Homelike Church."

JUVENILE BOOKS

LIST OF THOSE ISSUED BY GLENDALE PUBLIC LIBRARY SINCE JULY, 1920

The following juvenile books were released at the public library on Harvard street today:

"A Nursery Story of the Bible," by Louise M. Pleasanton. The Bible's matchless treasure store of narratives that little children love, told in language so simple that the youngest will understand.

"Sons of Liberty," by Walter A. Dyer. A story of the life and times of Paul Revere.

Illustrated copy of "The Adventures of Tom Sawyer," by Mark Twain.

"Peter, Daddy's Boy and Mother's Little Man," by Lilian Cheesman.

"Dick Arnold of Raritan College," by Earl Reed Silvers. A vivid and true picture of the way college boys really act and live. A first class college story.

"Scott Burton on the Range," by Edward G. Cheyney. The story, which is written by a teacher of forestry, contains an immense amount of interesting and authentic information about our great forests.

"Stories of Insect Life," by Mary E. Murtfeldt and Clarence Moores Weed.

"A Child's Garden of Verses," by Robert Louis Stevenson, with illustrations by Ruth Mary Hallock.

The complete list of juvenile fiction and juvenile non-fiction placed in the Glendale library since July, 1920, follows:

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

BRANCH IS BUSY

ABOUT 3000 AUTO OWNERS IN GLENDALE PUT APPLICATION FOR LICENSES HERE

Approximately 3000 owners of automobiles in the Glendale district have applied for their state motor vehicle licenses through the local office of the Automobile Club of Southern California, according to Stafford Harlow, branch manager. This work has kept the office force more than busy in addition to other large amount of business in connection with serving the members.

Some public service motor car, not one of Glendale's however, lost its state license tag here and the number plate, PS-1541 Cal. 21, is awaiting the owner at the local Automobile Club offices, Colorado and Brand.

MORE PRODUCTION

GENUINE SHORTAGE OF CARS THIS SPRING, PREDICTION OF INDUSTRY LEADERS

The buying attitude of public and distributers has given great encouragement to automobile manufacturers, who are rushing back to their plants to get production under way. The first month's output of this year was 37 per cent of the cars made in the same month a year ago. With business returning to normal level in many parts of the United States, the factories are arranging to get manufacturing speeded up.

Some manufacturers who were quick to sense the betterment in business conditions, and started to jump production, have found, much to their surprise, troublesome delays in getting materials and parts, for sources of supply shut down entirely when the readjustment wave struck the east. They cannot get their forces and plants under way with sufficient speed to cope with the present surge of orders.

Shortage Is Predicted

Leaders in the automobile industry who have been known for their reasonable survey of conditions are convinced there will be a genuine shortage of cars this spring. Cars unsold in the United States today are not sufficient to stand more than three weeks of normal buying. With production cut two-thirds, it is apparent where buyers who delay in placing orders will get off.

Stability of the price situation has had much to do with the revival of buying, and extreme unlikelihood of further cuts is accentuated by the fact that manufacturers cannot make money at the present low level of production.

America Is Leading in Use of Trailer

American consuls in all parts of the world have reported to the state department on the possible market for motor truck trailers manufactured in the United States. These reports show that this country is far in advance of all other countries in the use of this economical aid to highway transportation and there are about a score of trailer manufacturers in Europe, located in England, France, Italy and Germany.

The United States, with about seventy-five trailer makes and probably 50,000 trailers in use, leads the world in this new industry.

Use of trailers by the American, French, English and Italian armies during the war and after the war, and the subsequent sale of much of this equipment, helped to introduce trailers in France and Belgium, and it is expected a return to more normal exchange rates will open a good market for American makes.

Stands Car on Its Rear Springs in Test

Standing a Maxwell on its rear springs is the way one young man of San Diego proved his claim that nothing is too steep for Maxwell prowess.

"It isn't a question of the gradient," said this young man, "but rather a matter of holding the wheels down. Wherever the Maxwell can get traction there will it go. Nothing, in my opinion, equals the Maxwell as a hill climbing champion."

'PERISCOPE DANGER SIGNAL'

A "periscope" automobile danger signal, which warns motorists of the approach at night of cars or trucks around a curve or corner, is now used in Ohio. The signal works automatically. It consists of a nine-inch red lens with a mirror so arranged in back of it that it catches the rays from the headlight of a car approaching around the curve, and throws them into the red lens, illuminating it.

Government Will Get $472,362 From Henry

Henry Ford will reimburse the government for the $472,362 awarded to property owners along the River Rouge near Detroit, and will also stand the expense of the condemnation suit which has been in progress for some time. In order to insure the success of the Rouge widening project which will materially benefit the Ford industries at the village of River Rouge, Ford guaranteed to stand the expense of the entire work. He deposited $2,000,000 worth of Liberty Bonds with the government as a guarantee.

SWITZERLAND NEEDS THEM

Because of a marked increase in the number of American motor cars in use around Geneva it is suggested that skilled American mechanics would be of much value in the education of Swiss automobile dealers and repairmen in the operation and care of the American machine.

NEW MOTOR LAW

EFFECTIVE MEASURES WILL BE DRAFTED BY LEGISLATURE, SAY CLUB OFFICIALS

Putting teeth in the buzz-saw of the local courts for the judges to use will be the effect of the new Motor Vehicle Law which is to be drafted by the coming session of the legislature opening February 24, so say officials of the Automobile Club of Southern California.

Auto thieves, speeders, careless truck drivers and headlight glare offenders will receive special attention in the new law, say the officials.

One of the most important reasons why there must be a new motor vehicle act is so that all provisions may be arranged under separate divisions, instead of being scattered throughout the act as at present. There were too many amendments to the old bill.

This State to Lead

California's new law for the operation of motor vehicles will be patterned after that proposed to the National Safety council at its meeting in Washington recently, which was in turn patterned on the old California law. In this way, California will actually lead all other states in adopting the most up-to-date form of vehicle legislation. It is the first practical adoption of the National Safety council's proposals, which were largely influenced by the southern California motorists, through their club.

Among the principle changes will be the tightening up of the provisions making it hard for auto thieves to exist in this state. This will be done by following the Maryland plan, which provides for a certificate of ownership as well as a license registration slip. No car can be transferred without the presentation of the certificate. For the obliteration of identification marks, or for having a car in your possession with the marks obliterated. strict provision of punishment is made.

Briscoe Plans 18,000 Car 1921 Production

Plans of the Briscoe Motor Corporation of Jackson, Mich., call for the production of 18,000 cars in 1921. The 1920 production was 6,000 cars and the fact that the output for the present year will be tripled means that, from an automotive standpoint, Jackson is entering its biggest year in the industrial world. The Jackson Motor Craft company, a subsidiary of the Briscoe corporation, is expected to resume operations gradually until a full force of men will be at work again by April.

CONNECTICUT BARS 'EM

Connecticut has started a crusade against the automobilists who fail to comply with the new headlight law, and all non-resident violators who cross the border are turned back if they do not have the proper headlight devices on their cars and trucks.

How Big Is a Battery?

You may think of a battery as the forty-five pound black box that saves you muscle in cranking your car and gives current for your lights on the road. Or the smaller eight-pound Exide that lights a motorcycle. But to the men in the central power and lighting stations of our great cities, an Exide Battery is a huge thing that would fill an ordinary house, for each cell frequently weighs as much as three tons, and there are 150 cells to a battery. The submarine commander knows the Exide as the battery of 120 cells of 2600 pounds each, that propels his boat when under the sea.

Whether it be for current in telephone systems, lighting farm homes, or the propulsion of industrial vehicles, there is an Exide for every battery use. Only the Exide is made for every purpose. And into each Exide is built the experience of the oldest and largest manufacturers of storage batteries in the world.

Exide BATTERIES

Wherever you see this sign, you can be assured of expert service no matter what make of battery you have in your car. Your battery will be made to last as long as possible, until you are ready to replace it with an Exide—**the long-life battery.**

Just $625,000,000 Worth of 'Em Sold in 1920

While production of cars and tractors by the Ford Motor company is generally known, very little is heard by the public as to what these activities represent in dollars and cents, or what production means from the standpoint of sales to the consumer. Based on sales prices of the Ford company the past year, both before and after the September price reduction, and based further on assertions of Ford dealers, it is possible to say that the total sales of Ford products—cars, trucks, tractors and parts—amounted to not less than $625,000,000 in 1920.

Hupp Plant Shows Healthy Expansion

Output of the Hupp Motor Car Corporation for the nine months ended September 30, 1920, was 17,620 cars, compared with 12,133 for the same period in 1919. As of December 31, 1920, manufacturing stores, work in progress and finishing cars on hand at the Hupp plant totaled approximately $3,700,000 as against $2,000,000 on December 31, 1919. Finished cars on hand at the close of 1920, included in above, were valued at $600,000 compared with $300,000 at the end of 1919.

ILLUMINATES AUTO STEP

An electric light that is switched on to illuminate an automobile step as the door is opened has been patented by an English inventor.

Studebaker Constructed 52,000 Cars in 1920

The Studebaker corporation turned out 52,000 motor cars in 1920, of which 28,000 were produced in the last six months. Unsold cars at the end of the year were 1600. The company's schedule calls for the production of 12,000 cars for the first three months of 1921.

NABBED FOR FLYING LOW

A motorcycle officer at Austin, Tex., recently arrested an airplane pilot for skimming too close to the house tops and making an undue amount of noise. Although the motorcycle could not come up to the plane while in the air, it could more than keep up with it on terra firma, with the result that the officer was credited with making the first arrest of an aviator in the south.

FOR MARRIED MEN

ANOTHER SHIFT GIVEN WORK IN FORD PLANT; TRYING TO GRANT EMPLOYMENT

DETROIT—Another shift, consisting mostly of married men, has started work in the Ford Motor Company's Highland Park plant.

The new force of about 10,000 men will replace the 10,000 re-employed when production at the plant was resumed January 31. As the plant is operating five days a week, the present force quit Friday evening and the new shift started Monday morning.

It is understood that the new shift is to work for two weeks, then be replaced by the one now at work.

Reason for Replacement

The reason for the replacement, it is said, is that the Ford company wants to provide work for as many of its married employes as possible. The money that the men in the present force have made since they went back January 31 will enable them to carry on for two weeks while the new shift is working.

The men in the new shift are paid at the same rate of wages they were receiving when the plant closed, December 31.

Large Exports of U. S. Motorcycles Reported

The treasury department reports that during the month of December, motorcycles and parts to the value of $1,386,623 were exported from the port of New York. These went to Belgium, Holland, Norway, Spain, Sweden, England, Australia, New Zealand and British South Africa.

PENNSYLVANIA'S REVENUE

Pennsylvania's revenue from licenses for automobiles, motorcycles and other types of motor vehicles for 1920 went over $8,000,000, breaking all records and setting a pace for 1921. The 1920 licenses issued included 331,893 pneumatic tired machines and 53,000 trucks, which exceed all former records. The exact revenue for 1920 was $8,090,159.

PASSING OF THE HORSE

The passing of the horse again is demonstrated by the action of the Sandusky, Ohio, Horseowners' Mutual Protective association which has been rechartered as the Sandusky County Automobile Mutual Protective association.

FORD STATEMENT

EXPLANATION IS MADE UPON REDUCTION IN TRACTOR'S PRICE; END REACHED

Edsel B. Ford recently issued the following statement in regard to a reduction in price of the Fordson tractor:

"The price of the Fordson tractor has been reduced $165 and now sells for $625.

"This price change has been made possible through lower costs of materials and the fact that we are now located in our new tractor plant, with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops, and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of reproduction.

No Further Reductions

"There is no change in present Ford car and truck prices, which are already at the lowest possible figure, and now with rock bottom reached on the tractor price a further reduction in prices of either the car, truck or tractor is out of the question; in fact, the big price cuts have been made in anticipation of continuous maximum production, and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases."

WHAT MACHINE?

WESLEY HUNEFELT IS CURIOUS TO KNOW MAKE OF CAR THAT FICTION WRITER USED

Writers for even the big magazines and weeklies sometimes display a lamentable ignorance of some of the commonest subjects on which they write. A Glendale man who was formerly in the taxi business, Wesley Hunefelt of 457 West Windsor Road, wrote the following rather sarcastic letter concerning one of such writers, to a leading auto magazine, which published it in a recent issue. It was as follows:

I clip from the Saturday Evening Post of December 18, "The Lizard" by Rita Weiman, the following from page 103:

"A big touring car that must have looked like a slow-moving beetle from the road below glided up the mountain side. As a matter of fact, it was going at the rate of twenty-five miles an hour up a grade of forty degrees. But six of the seven passengers were too accustomed to southern California's steep grades, narrow mountain roads and hairpin curves to do more than glance out now and then at the swift-changing landscape that melted mirage-like into mist as they mounted higher.

"Better hurry"—she bent forward to the chauffeur—"or we'll be too late for luncheon."

He put on speed and they dashed across a wooden bridge and upward on the narrow road without pause, as if they were gliding on the very air.'

Kindly ascertain for me the make and model of car used. I wish to order one at once.

WESLEY HUNEFELT.

FOOTHILL ROUTE

THAT'S BEST ROAD TO TAKE TO ORANGE SHOW, STATES GLENDALE AUTO CLUB

Many Glendale people undoubtedly will avail themselves of the opportunity over the week-end of attending the National Orange Show, which opened last night at San Bernardino.

According to the Auto club offices here, the Foothill boulevard is the shortest and most convenient route for motor parties to take. It is approximately sixty miles to San Bernardino and the route follows Colorado boulevard out of Glendale through Eagle Rock, Pasadena to Lamanda Park, where one turns onto the Foothill stretch leading through Monrovia, Glendora, Claremont and to San Bernardino.

The show is being held in Urbita Springs park.

SPEED ADDS WEAR ON TIRES

One of the most expert tire men in the country recently called the attention of motor car owners to the manner in which tire wear increases with speed. The faster a tire travels, the more heat it generates internally. Normal speed does not increase the internal heat to a dangerous degree, but may actually cause further vulcanization to take place. This heat not only dries out the friction gum between the plies of fabric but the very fabric itself, lowering the elasticity of the tire, decreasing its resiliency and weakening the tire so that it will blow out early.

ENGINE OPERATES PUMP

In an English motor driven street sprinkler the engine operates one pump to fill the tank and another to spread the water.

ADVISORY BOARD FORMED

A mechanical transport advisory board has been formed by the war department in England for purpose of keeping in touch with the progress of motor transportation throughout the world

GOT YOUR PLATE?

MANY BEING SHIPPED DAILY FROM SACRAMENTO; DELAY BOUND TO OCCUR

The Motor Vehicle department commenced sending out the new 1921 certificates of registration and license plates January 15. There are at present on file in the department's office at Sacramento approximately 100,000 applications and, as the forwarding capacity is about 7000 per day, it will take some little time to ship the certificates and plates necessary to cover the registrations already in the office.

Arrangements have been made for a steady flow of the plates and certificates of registration from the department to the motor vehicle users, and no one who had forwarded his application to the Motor Vehicle department should worry over his failure to receive his certificate and plates, at least until after February 20.

HIGHER AUTO LICENSE RATES

One resident in every sixteen in Manitoba owns an automobile, or a total of 36,455 cars for the whole of the province, an increase of 25 per cent over 1919. The revenue obtained from automobile licenses during the fiscal year 1920 was $407,612. At the coming session of the legislature members will be asked to vote a 50 per cent increase in automobile license rates. If passed, this means that owners of cars in Manitoba, all makes, will have to pay $15 license fee annually.

ONE FROM EVERY TWELVE

Throughout the United States there is one automobile to every twelve or thirteen people. Allowing an average of four persons to a family, it is estimated that there is one car to every three families.

CLUB IS SIXTEEN YEARS OLD

The Automobile Club Argentino, the premier club of its kind in South America, was organized sixteen years ago. It is affiliated with and represents the Royal Automobile and Associated Club of England.

Notice of Public Work

Public Notice is hereby given that the Board of Trustees of the City of Glendale on the 3rd day of February, 1921, did at its meeting on said day adopt a Resolution of Intention No. 1158, to order the following improvement to be made on a portion of that certain alley in Tract No. 2292.

SECTION 1. That the public interest and convenience require, and it is the intention of the Board of Trustees of the City of Glendale to close up, vacate, and abandon for street and alley purposes, all that certain portion of that fifteen (15) foot alley in Tract No. 2292 as per map recorded in Book 23, Pages 106 and 107 of Maps, Records of Los Angeles County, California, more particularly described as follows:

All that portion of that first alley east of Canada Boulevard, from the northerly line of Hiawatha Drive to the southerly line of Wabasso Way, said alley being one hundred and sixty (160) feet easterly and parallel to the easterly line of Canada Boulevard.

The district to be assessed to pay the damages, costs and expenses for the described improvement is described in and reference is hereby made to Resolution No. 1158 for further particulars of said work.

ESSEX IS POPULAR

TWO YEARS' CAMPAIGN SHOWS SUCCESS; $75,000,000 IS SPENT FOR THIS CAR

The Essex is only two years old, but men have already paid $75,000,000 for it. This two years' campaign has been one of brilliant success. Nearly 50,000 Essex cars are in service.

Without a word to identify it as the product of the men who build the Hudson Super Six it emerged from the obscurity of an unknown car and thrust itself ahead by the force of unqualified merit to the position of one of the most prominent cars in the world.

That these comments by Chambers & Felts, distributers of Essex cars in Glendale, are justified is indicated by the way Essex has held the public eye, as perhaps no other car ever has, they point out.

World's First Year Record

Their further claim that Essex has the world's first year fine car selling record is substantiated by the fact that 22,000 Essex cars were purchased by the public in the first twelve months, for which they paid $33,000,000. It is worth more than passing note to observe how many of these Essex owners formerly drove large and high priced cars, they say.

Yet there could have been no Essex without the Hudson Super Six as a forerunner. All the knowledge gained in building the famous super six, all that was revealed by the scores of speed, power and endurance contests, by which Hudson established its famous records, was applied in the design and manufacture of the Essex, but these facts alone were never used to gain recognition for Essex. It was required to win its own way, to make its own mark, to stand for things men seek in a motor car, they say.

Czech Girl To Be Pretty Picture Bride

SAN FRANCISCO—All the way from Czecho-Slovakia to become the bride of Martin Knapp of Arcata, Humboldt county, Maria Strapec has reached California. According to the story told to an interpreter by the girl, she never has seen her intended husband. The courtship was entirely by mail and each fell in love with the other's picture. Finally, she said, Knapp sent her the money with which she made the long trip to California to become a "picture bride."

MOTOR FUEL FROM PINEAPPLES

Manufacture of motor fuel from pineapple waste on the island of Oahu was begun recently. A new plant is now in operation, all preliminary arrangements having been completed and requirements complied with. These arrangements include the use of a formula adopted and the filing of a bond with the government in the sum of $300,000, providing for the manufacture of alcohol for non-beverage purposes.

Manufacture will be on a large scale. There are nine tanks in use, each capable of containing 4000 gallons of pineapple waste. For more than two years molasses has been manufactured into motor fuel at Paia, Maui. During the war it was shown that the manufacture of molasses into motor fuel was more profitable than burning it for furnace fuel, manufacturing it into potash or selling it in the crude state in the mainland market.

Instruction in Piano

Theory and Harmony Class Now Being Formed

Ford

THE UNIVERSAL CAR

Ford Ton Truck Cuts Delivery Cost

The Ford One-Ton Truck has cut "delivery costs" for thousands of business houses, farmers, factories, corporations, etc. Thousands of owners attest to its economy of operation and maintenance. They call the Ford a real "necessity" in their business. Ask us for a copy of the "Ford-A Business Utility." Read what pleased owners say. It will cost you nothing.

Built of tough Ford Steel with the ever-dependable Ford motor transmitting power to the aluminum-bronze worm-drive, with demountable rims and pneumatic tires, front and rear, together with the mechanical simplicity, have helped to give the Ford Ton Truck the lowest possible operating and maintenance cost. It is the lowest priced one-ton motor truck on the market. Add to these practical merits our after-service organization, which insures every truck owner of genuine Ford parts and skilled Ford mechanics, so that the Ford Truck need never be out of service.

Japan Crown Prince Not To Visit Here

WASHINGTON — The Japanese crown prince does not contemplate visiting the United States during his forthcoming journey to England, according to information reaching Washington.

The state department was advised that the official gazette of Tokio had announced that the crown prince will not visit the United States, although he will go to England and continental countries.

Women Proposing To Build New Theatre

WASHINGTON—A new theatre for Washington, built and maintained by Washingtonians, without too much idealism and uplift, but planned along business lines, is being projected by Washington club women. The plan was discussed by representatives of Washington's clubs and civic organizations. A. Washington Pezet, dramatist and producer, presented a plan for a people's theatre in which the best kind of amusement could be offered at popular prices.

THERE YOU ARE, FATHER

"Pa?"

"Yes?"

"Teacher says we're here to help others."

"Of course we are."

"Well, what are the others here for?"

Wireless Phone Used To Transact Business

REDDING, Cal.—All important business of the Pacific Gas & Electric company will be transacted by wireless telephone as soon as the system now being installed is completed, according to G. R. Milford, local manager.

For three years the company has been experimenting with wireless telegraphy to relieve the load on the telephone wires, and during the past seven months these plants have been developed to handle business by wireless telephone.

This morning Milford took two newspapermen to Anderson to witness a test of the wireless telephone from San Francisco, but the bay plant was not ready for the test, which will be made in the near future.

William Briggs of Anderson has been successfully operating a radio station for several months, hearing the orchestra and organ at San Francisco theatre, where transmitter has been installed.

Manager Milford says the wireless telephone at the Volta power plant has been operated successfully for some time.

QUITE SAFE

Jones: "They say Green has been wandering in his mind lately.'

Bones: "Well, he's safe enough; he can't go far."

It is estimated that steam freight locomotives waste three-fifths of all the coal they burn.

EXPLAINS LENT

REV. H. C. FUNK, PASTOR OF LUTHERAN CHURCH, GIVES SOME INFORMATION

By DR. H. C. FUNK
Pastor First English Lutheran Church.

Some folks think that Lent means that we should eat no meat for forty days. Well, even that would be a decided benefit, as it would afford nature an opportunity to throw off some of the animal toxins.

How then shall we observe this precious season, and obey the call to come apart and rest a while? There are only two Protestant bodies that celebrate Lent, namely, the Lutheran and Episcopal churches. Our church does not use it as a time to do penance for sin. Christ suffered for our sins, "the just for the unjust, that He might bring us to God." No penance or good works of mine can atone for sin; since forgiveness is obtained only through the merits of Christ.

The Lutheran does not do penance for sin, but he does repent of his sins, and here we have a call to penitence.

A proper observance of Lent will reveal to him more clearly his own unworthiness, and he will be constrained to cry out, "Father, I have sinned against heaven and in thy sight, and am no more worthy to be called thy son."

Moreover, when he learns of the Father's readiness to receive him, he will accept forgiveness just as did the Prodigal Son, as a gracious gift; the Prodigal didn't do penance forty days in order to obtain it.

No Time to Pacify Conscience

Lent is not a time to pacify a guilty conscience. You cannot serve God six weeks, and then serve the devil the rest of the time and get away with it. No, the joy of our religion comes to those who "rejoice in the Lord always."

It is not formality, but sincerity that finds favor with God. In short, Lent is a season for deepening sincere convictions and life.

We make much of the joy of Christmas and yet this is but the beginning of God's plan for the salvation of sinful men. That which atones or avails for us is the life, suffering and death of Christ.

We make annual pilgrimages from Gethsemane to the cross as a special season for meditation, in which we learn to appreciate more fully the meaning of the suffering and death of Jesus Christ.

Test of Earnestness

Lent is a test of our earnestness in religion. It reveals the truth as to whether people care more for their homes, business, convenience, personal likes, pleasures and pastimes than they do for the spiritual welfare of their souls. Lent asks every member of this church: Are you willing to forego some of the pleasures of a worldly nature for your soul's sake? If they are content to neglect the regular ministrations of the sanctuary, and are not willing to deny themselves even a little personal inconvenience for Christ's sake, they are certainly not to be looked upon as ardent, enthusiastic workers with God. Moreover, such unconcern does not speak highly for their personal piety.

The Lenten season is a call to penitence; not alone for those who may have fallen by the wayside, but for those who are so occupied with worldly pleasures and plans that they neglect the development of their spiritual natures, and thereby fail to attain the higher joys.

We may consider that we have been very respectable, indeed; but when we find that we have been disposed to be uncharitable, covetous and unkind, we have need of bringing ourselves into strict account. Neither is it enough merely to lament our shortcomings. There must needs be a goodly sorrow for sin, with an earnest desire to be delivered from our transgressions, and sin no more against Him. Thus we may with becoming reverence celebrate the soul's deliverance from spiritual bondage; for 'there is therefore now no condemnation to them which are in Christ Jesus.' The benefits of such a personal, heartsearching season will give us a larger appreciation of the sacrifice made for our redemption. 'For we know the grace of our Lord Jesus Christ that, though He was rich, yet for our sakes He became poor, that we through His poverty might be rich.

Board And Room For Yanks Costing Money

PARIS — Every American officer and soldier in the Rhineland costs Germany several times the sum spent in maintaining either a British, a French or a Belgian in the army of occupation, it is brought out by figures tabulated by the Brussels conference of experts, submitted to support a recommendation to the allies that they economize in their expenditures on Germany's account, as an aid to that country.

The daily cost in francs of maintaining officers of the army of occupation is given by the experts as follows: French, 47.45; Belgian, $46.20; British, 97.85; American, 159.65, while the cost, similarly expressed, of maintaining private soldiers is: French, 13.37; Belgian, 13.17; British, 31.60; American, 59.30. The cost of maintaining the American army horses is shown to be only slightly above the average from the other allies.

BOUND TO GROW

L. A. HART DECLARES THAT CITY OF GLENDALE WILL DOUBLE IN 5 YEARS

"The fact that the world has reached its zenith and that values and prices are bound to come tumbling down together with all other commodities, including labor, is good fuel for the agitator, but poor material for the individuals who want homes and are ready to invest according to their means," said L. A. Hart, 120 North Brand, to an Evening News reporter today.

"This question of inflated and deflated prices might be answered by another in this way: What would become of this country and its good people if prices were to fall below cost of production?

"On the other hand, it should behoove every one interested in Glendale to consider the fact that Los Angeles bids fair to become one of, if not the largest, cities in the United States. Its natural surroundings including its water frontage and close shipping facilities with the Orient and South America are bringing big business men to her doors every day, and they are coming to cast their lot with Los Angeles for no other reason than they can see ahead for the future. In other words, they can read the writing on the wall and are taking time by the forelock.

Why Worry Over Future

So much for Los Angeles, then why should we in Glendale worry over our future in the small part we might play in the upbuilding of this section of the vineyard that is sure to grow if Los Angeles grows. The fact that we may be a part of Los Angeles some day should not lessen our enthusiasm in the least, for plans now being considered, that are sure to materialize, will double the population of this fair city by another five years, if not sooner."

Hand Organ Is Used To Make Good Living

By P. M. SARL
United Press Staff Correspondent

LONDON—While the unemployment problem continues acute, the charitable public is daily becoming more disgusted over the numerous disclosures of flagrant abuse of the cry, "Help the unemployed and starving ex-soldier," with the result that really deserving cases frequently receive but cavalier treatment.

During the past New Year "bargain sales" season the west end shopping districts of London have been continually paraded by processions of unemployed, headed by bands and collection boxes. But the most popular form of abuse is the street hand organ, and since a police court case disclosed the amounts of the daily collections there have been many frauds on the public. The "wounded officer" is the most profitable role. In England, the status of an army or naval officer is considerable, the term "officer and gentleman" being synonymous. Hence the sight of the first man clad in officer's uniform trying to earn a living by playing a hand organ came as a huge shock.

The first ex-officer organ grinder, who wore medals and was discreetly masked, was doubtless genuine, but there have been many imitators. A few such, who had no right at all to the uniform, were promptly arrested and punished, but quite a number of ex-officer organ grinders appeared who certainly were ex-officers. It is not an offense to play a street organ and the law did nothing.

So great has the scandal become that the Officers' association made an investigation, which showed that ex-officer organ grinders, wearing uniforms and medals, can earn anything from $40 to $100 a week by a few hours daily playing in the streets. The loss of an arm or leg ensures a substantial daily collection.

Motor Association Statement Refuted

SAN FRANCISCO—A statement by the California State Automobile association that $10,000,000 of the federal funds apportioned to California for highway improvement might not be utilized to the fullest advantage in that capacity brought forth a refutation from the California highway commission here.

"The assertion of the automobile association is a complete misstatement," said the commission. "The total allotment of federal road funds to California is $8,384,000, of which amount $3,585,000 is covered by project agreements already signed."

The commission stated that its relations with the bureau of public roads of the United States department of agriculture were friendly and that the bureau had given no intimation that any funds allotted to California would be withdrawn. It stated further that the commission would not permit a cent of such funds to be lost to the state.

STARVING TO DEATH

He—"Sweetheart, I live on your glances."

She—"How thin you're looking!"

Drinking water on railway trains is now being tested regularly by Federal and state officials. Similar protection against disease will soon be afforded passengers on steamers sailing from American ports.

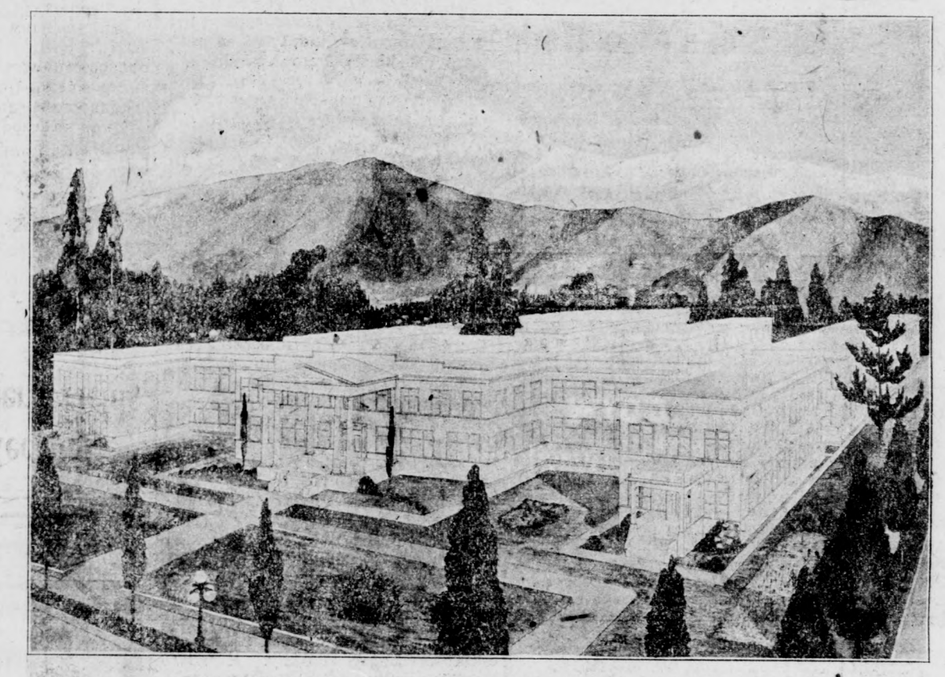
Sunday, February 20, 1921, 2:30 p. m.

A program will be rendered in which prominent officials of the institution and representative men of Glendale, Los Angeles and vicinity will take part, and the hospital, together with the nurses' new home, will be thrown open for inspection. The public is cordially invited.

Hours for Inspection, 3:30 to 5:30 p. m.



GLENDALE SANITARIUM AND HOSPITAL AS IT WILL APPEAR WHEN FULLY COMPLETED

Big Task To Reclaim Old Flanders' Fields

By R. H. SHEFFIELD
United Press Staff Correspondent

BRUSSELS, Belgium—Centuries of spade and pioneer labor, performed by millions of tillers of the soil throughout the ages, had made of Flanders in 1914 one of the richest agricultural provinces in the world. In four years of war the result of all those centuries of labor was annihilated. The wiping-out of such an extensive region, with all its vast agricultural resources, was unprecedented in history.

The centers of the war zone here were Ypres, Furnes, D'xmude, Ostend and Courtrai. The districts of Ypres and Furnes, the richest agricultural lands, contained 215,000 acres of land, 68 villages, three towns and an agricultural population of over ninety thousand. Of the land, 160,000 acres were arable and 55,000 pasture. The number of farms was 24,000, of horses 6,070, of horned cattle 47,000, and of pigs 42,000. Annual crops gathered comprised an average of 437,000 sacks of wheat, barley and oats; a million kilos (say a thousand tons) of tobacco; 125,000 tons of potatoes, and a considerable quantity of hops.

Of all this wealth, nothing remained at the armistice. Farmhouses were either destroyed or in ruins; villages were razed; the cattle had been slaughtered; the farmers and their hands had fled; barren, inundated ground was all that remained.

Pre-war values of this destroyed property may be estimated at $51,000,000. That does not sound much if you say it quick enough, but, for anemic Belgium, it means a lot! To put things right today, however, is going to cost several times $51,000,000. Wages and raw materials have, on the whole, more than trebled, and estimates that put the restoration of agriculture alone, without any reconstruction of villages, etc., at close on $200,000,000 show the extent of the work of reconstruction to which Belgium has set her hand, and in which she has achieved such satisfactory results in the past twelvemonth.

The Montana Wool Growers' association will manufacture one thousand pure wool blankets and market them in the state of Montana as a test of the advisability of having the association embark in the business of manufacturing woolen products.
